### AMENDMENT

Identification Number: C00311852

References: 30-Day Post-Election Report (10/15/98 - 11/23/98 )  
January 31 Year End Report (11/24/98 - 12/31/98)

Dear Ms Kelly:

Enclosed are amendments for the two reports identified above. We have recently discovered an unforeseen error in our software reporting program concerning the default for election periods. Unfortunately, this default did not automatically change to PR00 (Primary 2000) after the general election as it should have; thus, the purpose of this amendment.

The attached amended Summary Page and Schedule A, for both periods, show all contributions that should have been attributed to PR00 but were inadvertently coded as GE98 on the above mentioned reports. I am enclosing an amended Summary Page and Schedule A with the contributions changed to reflect the PR00 election period. (NOTE: The Total Amounts on the Summary Pages have not changed, only the items redesigned to Primary 2000 on Schedule A have changed.)

Please accept our sincere apology for any inconvenience this may cause you.

Sincerely,

Richard L. Wiles  
Campaign Manager
